EXECUTIVE SUMMARY

A dynamic educational technology leader focused on increasing student achievement through empowering cultures of innovation and collaboration. Fuses teaching and administrator background with technology and project management expertise to provide 117 Illinois school districts with technical support, technology-related professional development, and technology planning and consulting services. Effectively manages a successful statewide edtech consortium servicing over 750 educational entities in Illinois. A frequent presenter on educational technology topics and collaborator with statewide projects and organizations. Passionate about creating enriching experiences for students, and believer in the transformative power of technology and 21st Century Skills. National Board Certified Teacher, Certified Education Technology Leader, Google Certified Trainer, Educator, and Administrator.

PROFESSIONAL EXPERIENCE

DIRECTOR

2014 – Present

Learning Technology Center 4, Regional Office of Education #9 – Champaign, IL

The Learning Technology Center 4 (LTC) is one of six regional technology centers funded by the Illinois State Board of Education to provide technical support, technology-related professional development, and technology planning and consulting services to all districts in Illinois. LTC 4 services 117 school districts in East-Central Illinois.

- Directed LTC operations and staff, including strategic planning, budget management, and employee supervision and evaluation
- Provided technical and consultative support to districts around topic such as PARCC preparation and administration, 1:1 initiatives, e-rate applications, broadband and Wi-Fi connectivity, data security and disaster recovery, Illinois Report Card/MyIRC, Future Ready, and GoOpen
- Facilitated and/or presented at over 150 local and statewide workshops, conferences, and online trainings focused on technology infrastructure, classroom technology integration, and state initiatives
- Managed ILTPP, a statewide technology consortium that negotiates prices with vendors for technology software, devices, and services on behalf of all K-12 districts in Illinois
- Partnered with educational organizations, including districts, ISBE, LTCs, ROEs, IARSS, ICE, and IETL
